Many alumni positively reflect on their Club experience, often citing the support they received from both staff and youth, the life skills they acquired and the fun they had.

“Being a part of the Club has had an incredible impact on my life and who I am today! I have had the honor of being a part of Torch Club and Keystone. I held president positions in both. I was Youth of the Year and had so many other opportunities for leadership development and life skills. The club is such a positive place, and I think there should be more nationwide! I had my first job at the Club!”

“The Club is an invaluable experience for any child and adult that is connected to it. It can be a pivotal part of a community and the community’s well-being.”

“My Club family helped shape and mold me into the person I am today. They are the village that wrapped around me, and I hope I make my Club proud.”
